PMP Examination Preparation: Accelerated Course

Two-day programme

Programme Aim:

Beyond academic credentials, certification by PMI as a Project Management Professional (PMP) shows that you have mastered essential project management skills and knowledge. This accelerated learning course is designed to help students expertly prepare for the PMP exam. Developed by Rita Mulcahy, founder of RMC Project, this course is designed to reduce the after-class study time from hundreds of hours to LESS than 40. The unique features of this course help students understand—NOT MEMORISE—the concepts necessary to pass the PMP exam. In addition to RMC FASTrack Exam simulation, attendees will receive the Rita Mulcahy Exam prep book guide (bestselling book).

Programme Outline:

- 🕒 Overview of the exam and understanding PMI® -isms
- 🕒 Detailed coverage of PMI processes and knowledge areas
- 🕒 Test-taking strategy to help answer questions correctly
- 🕒 Explore the rationale behind answers with the instructor
- 🕒 Thoroughly review exam “trouble spots” with PMP certified instructor

Key Learning Outcomes:

This workshop will empower you to:

- 🕒 Learn expert approach to tackling exam questions
- 🕒 Reduce your study time and understand and apply PMI point of view on the exam
- 🕒 Eliminate skills gaps
- 🕒 Become familiar with the make-up and format of the exam

Only 40 hours of study or less needed after this course. You could become a PMP® in one week. RMC and Engineers Ireland have helped thousands of people succeed in their exam over the last 19 years.

Who should attend:

- Those with significant project management experience
- Those with tight time demands who want success
- Project Managers who want to be sure of exam success
- Those who want to minimise the stress factor of the PMP exam

Facilitator:

This course is a partnership between Engineers Ireland and RMC Project’s representative in Ireland. RMC Project is an innovator in project management training and associated professional development.
