Procurement - Best Practice for Public Bodies

Two-day programme

Programme Aim:

The course addresses the increasingly contentious area of Public Sector Procurement. This course is designed for those working in and for the public sector who are interested in getting a detailed overview of public procurement principles, policies and procedures.

Programme Outline:

Principles of procurement law including:

- ☞ EU Law
- ☞ Irish Regulations
- ☞ Common Law Obligations
- ☞ Overview of standard pre-qualification documentation
- ☞ Selecting the appropriate procurement procedure
- ☞ Developing compliant pre-qualification and award criteria
- ☞ Designing and following proper evaluation procedures
- ☞ Procurement challenges and remedies
- ☞ Correct debriefing protocol

Key Learning Outcomes:

By the end of the programme participants will be able to:

- ☞ Describe the principles governing procurement
- ☞ Understand the importance of procurement planning
- ☞ Competently plan a compliant procurement process
- ☞ Select the advertising method and type of competition
- ☞ Evaluate pre-qualifications and tenders
- ☞ Award contracts in accordance with EU and Irish Law
- ☞ Correctly debrief unsuccessful applicants
- ☞ Understand risks relating to legal challenges

*Our courses are designed to help you obtain & maintain the **five competences** of a Chartered Engineer (CEng): C1. Knowledge and Understanding; C2. Application of Knowledge; C3. Leadership: Technical, Commercial and Managerial; C4. Communication & Interpersonal Skills; C5. Professional Conduct
