## **Working with Old Buildings:**

### **A Taster for Conservation Engineering**

The Conservation Group of Engineers Ireland, in conjunction with Civil, Structural & Environmental Engineering at University College Cork, present an evening lecture focusing on conservation engineering as a potential career choice. Four engineers working with historic buildings will discuss what they do in their day-to-day work conserving historic buildings, how they specialised in this area and why it is so important that we protect our old buildings.

**On: Thursday 24<sup>th</sup> October 2019**

**In: Council Room, North Wing, Main Quad, UCC,  
Cork**

**At: 6PM (tea/coffee and networking)  
talk starts at 6.30 PM**

#### **Speakers:**

**Triona Byrne** Project Engineer - CORA Consulting Engineers,  
Chairperson of SPAB Ireland

**Dermot Nolan** Chartered Engineer - Dermot Nolan & Associates  
Historic Building Consultants

**Chris Southgate** Chartered Engineer - Southgate Associates -  
Heritage Conservation Specialists

**Lisa Edden** Chartered Engineer - CORA Consulting Engineers

**All are welcome.**
