Qualifications	BSc (Construction Economics), FCInstCES, MRICS, MSCSI, FCI Arb, Chartered Arbitrator and Chartered Surveyor. Graduate Diplomas in Quantity Surveying, Arbitration Law, and International Arbitration Law; Accredited Conciliator.
Career history	I have the benefit of having worked for over 40 years in the construction and civil engineering industry in Ireland and the UK, and for about 30 of those years I have represented contractors, local authorities and/or Government bodies in their disputes with one another. I am an ex-Chairman of the CI Arb (Irish Branch), and for 11 years was the CI Arb Irish Representative on Council, the CI Arb Trustee for Ireland and Mainland Europe and the (worldwide) CI Arb Honorary Treasurer.
Positions held	1972 to 1975 Quantity Surveyor with A Monk & Co. UK 1977 to 1979 Commercial Manager, Nuttall HBG Tarmac JV (Scotland) 1979 to 1986 Chief Quantity Surveyor, Ascon Limited (BAM) 1986 to 2000 Consultant Quantity Surveyor & Dispute Resolution Consultant 2000 to 2011 Commercial Manager, Claims Manager & legal advisor to SIAC June 2011 > Arbitrator, Adjudicator, Expert Determiner, Mediator, Conciliator and Dispute Management Consultant.
Dispute resolution experience	Over the past 30 years I have acted as the Arbitrator on over 55 major construction disputes ranging in size from €0.5m to €80m as well as on numerous smaller disputes including many contractor-subcontractor disputes. I have also acted for and have represented one or other party (generally successfully) in excess of 250 major infrastructural building and civil engineering disputes that have been referred to arbitration, adjudication, mediation and/or conciliation. Over the years I have been involved in the training of hundreds of aspiring arbitrators and conciliators here in Ireland and still direct courses internationally in the fields of arbitration and other forms of ADR. I am also a member of the SCSi, CIF and Law Society Arbitration Panels.
Specific areas of expertise	I have extensive first-hand experience of building & construction techniques (particularly the planning and construction of roads, rail, marine, bridges, water supply and wastewater projects), project management, design-and-build projects, programming and measurement, rent reviews, drafting and interpretation of joint venture agreements, PPP agreements, subcontract agreements and novation agreements and the preparation of interim and final accounts. I have an in-depth knowledge of all the standard form construction contracts and methods of measurement, including IEI Contracts, FIDIC, GDLA, RIAI, NEC, Law Society Building Contract, most common Forms of Subcontract, and (particularly) the Public Works Suite of Contracts.
