Career history	2004–present: Private practice as a dispute resolution practitioner, an independent consultant and international trainer. Acting as Arbitrator, Conciliator, Adjudicator and Mediator of construction disputes involving detailed technical issues as well as complex legal arguments. Training and advising clients on the details of construction contracts, ADR procedures, dispute avoidance, and dispute resolution strategies. Regular speaker at international FIDIC and ICC conferences. 1999–2004: In-house contracts advisor for the Dublin Light Railway (Luas) with the Railway Procurement Agency (formerly C.I.E.) 1999: Consultant with Staveley & Partners, Dublin. 1998–1999: Claims consultant with James R. Knowles Ltd. in Hong Kong. 1995–1998: Resident Engineer responsible for claims with Mott MacDonald Ltd. in Hong Kong on a multi-contract c. €130 million infrastructure project. 1993–1995: Section Engineer with Mouchel Asia Ltd. in Hong Kong on a new electricity generating station value c. €60 million. 1989–1993: Graduate Engineer with L.G. Mouchel & Partners Ltd. in U.K.
Positions held	2009–present: committee member of the Dispute Resolution Board of Engineers Ireland. 2012-present: member of the Contracts Committee of FIDIC (Fédération Internationale des Ingénieurs-Conseils) 2011–present: Chair of the FIDIC task group for new Conditions of Subcontract for Design-Build contracts. 2007–2011: Member of the FIDIC task group for new Conditions of Subcontract for Construction. 2007–2011: Member of the editorial panel for the Management, Procurement and Law Journal published by the Institution of Civil Engineers, UK.

Dispute resolution experience	<p>Since 2004, I have been working as Arbitrator, Conciliator, Adjudicator and Mediator of construction disputes (based on the IEI Conditions of Contract for use with Works of Civil Engineering Construction, 3rd Edition; the Public Works Contract for Civil Engineering and Building Works Designed by the Employer, published by the Department of Finance; the Public Works Contract for Minor Civil Engineering and Building Works Designed by the Employer, published by the Department of Finance; the Public Works Contract, Short Form, published by the Department of Public Expenditure and Reform; the Law Society Contract of Sale and Law Society Building Agreement; the IEI Conditions of Engagement Agreement SE9101; and various bespoke contracts and subcontracts).</p> <p>Appointed as Arbitrator in 6 cases, mainly in construction - rendered three reasoned awards, three cases were settled during the arbitration process. Appointed as Conciliator in over 25 cases, many of which were settled at the Conciliation Meetings, the other cases being the subject of my reasoned Recommendations (all of which, I understand, were accepted by the Parties or subsequently led to a negotiated settlement by the Parties). Appointed as Adjudicator in a construction dispute of value €10 million, published a reasoned decision within 30 working days of appointment (which, I understand, subsequently led to a negotiated settlement by the Parties). Acted as a Mediator for a five-party construction dispute, which was successfully settled at mediation.</p>
Specific areas of expertise	<p>Construction law ADR procedures: arbitration, adjudication, conciliation, mediation, dispute review boards, dispute adjudication boards. Contract law Civil Engineering Structural Engineering, Building PWC, IEI, RIAI, GCCC forms of contract FIDIC forms of contract Law Society Contract of Sale and Law Society Building Agreement Member of expert group drafting updated Dispute Board Rules for the International Chamber of Commerce (ICC).</p>
