Relevant project experience Liam is a Chartered Engineer and an Associate Director at DBFL Consulting Engineers with responsibility from commencement to completion of projects. Liam has experience on a wide range of projects in all sectors of the construction industry and has experience of guiding a project through all its stages from scheme design, planning, tender, construction right through to defects liability period.

Liam's relevant project experience includes:

Housing at Glen Abhainn, Enfield, Co Meath (2008 - 2011)
Carried out Condition Inspections on 95 houses showing suspected pyritic heave damage and carried out inspections and certification for pyrite remediation works to 40 of these houses.

Housing at Newcastle Woods, Enfield Co Meath (2008 - 2011)
Carried out Condition Inspections on 24 houses showing suspected pyritic heave damage and carried out inspections and certification for pyrite remediation works to 8 of these houses.

Housing at Drynam, Beau Park and Myrtle, Dublin 13 (2011)
Carried out inspections and certification for pyrite remediation works to 13 houses.

Housing at Rath Lodge, Ashbourne, Co Meath (2013 - 2014)
Carried out inspections and certification for pyrite remediation works to IS 398.

Housing at Ravenswell, Rush, Co. Dublin (2013 - 2014)
Carried out inspections and certification for pyrite remediation works to IS 398.

Housing at Cobbler's Walk, Lusk, Co. Dublin (2013 - 2014)
Carried out inspections and certification for pyrite remediation works to IS 398.

Specific areas of expertise

As part of DBFL's Pyrites Team, Liam's duties include:

Identification of the symptoms and effects of pyritic heave

Recommending and managing the carrying out of relevant investigative testing and level monitoring by specialists

Preparation of detailed reports both for clients and their legal advisers

Making recommendations in relation to all necessary remedial works including detailed method statements as to how the works will be carried out

Inspection, supervision and certification of remedial works where such are required

Gathering further evidence during the remedial works for use in legal actions/arbitration hearings for Expert Evidence to the High Court and to Arbitration Proceedings
